Superintendent of U.S.Mint,
Philadelphia, Pa.

My dear sir:

Charles Lynch, a cooper, No. 619 Commissioners Street, Philadelphia, who resides at Norwood in this county has written to me in regard to the contract for making kegs at the Mint. I do not know on what terms this thing is given out or the work done, but Mr. Lynch is recommended to me very highly by friends of mine in Norwood and I take pleasure in mentioning his case to you for the work. He says that the bond required is five times the amount of work done and he thinks it is excessive. About these facts I know nothing directly but take pleasure on the assurances of my friends in recommending him to you.

There is a gentleman named Pomeroy in the Mint who has a brother living at Ridley Park in this county. If you could speak a word in my behalf to him it would be to my advantage.

Yours very truly,

Wm. D. Robinson
